Yuanta FHC Donates NT\$20 Million to Help Disaster Victims in Central and Southern Taiwan Rebuild Their Homes

Typhoon Danas and southwesterly winds severely damaged central and southern Taiwan. Yuanta Financial Holding Company (FHC) announced today (7/31) that it will donate NT\$20 million to the Taiwan Foundation for Disaster Relief under the Ministry of Health and Welfare to assist with disaster relief, emergency medical care, shelter and accommodation, and subsequent recovery and reconstruction efforts. Yuanta FHC is taking practical action to contribute to the disaster-stricken areas, demonstrating the resilience and solidarity of the company.

The typhoon caused severe damage in many areas, leaving many residents facing property losses and difficulties in their daily lives. Yuanta FHC upholds corporate social responsibility and serves as a stabilizing force in society. Through donations, Yuanta FHC hopes to assist disaster victims in rebuilding their homes and returning to normal life as soon as possible.

Yuanta FHC stated that it immediately activated its emergency response mechanism and customer care program after the disaster, and all of its operations across Taiwan, including securities, banking, life insurance, investment trusts, and futures, are operating normally.
